

RACING MEMO

DATE: August 4, 2010 **NUMBER:** RM 10-12
FROM: Club Racing Board
TO: All Participants
SUBJECT: Pro Racing MX-5 Cup Cars' Roll Over Structures

To ease crossover competition, the Club Racing Board confirms that the *Racing Cages* roll over structures installed in current Pro Racing MX-5 Cup Cars meet the requirements of the GCR. Thus, it is not necessary to drill holes to verify the tubing thicknesses.

The roll cages can be identified by a *Racing Cages* identification plate on passenger side of the horizontal bar in the main hoop.
