

RACING MEMO

DATE: August 11, 2009 **NUMBER:** RM09-03
FROM: Club Racing Board
TO: All Participants
SUBJECT: Sound Control Standard

It has come to the attention of the Club Racing Board that the Sound Control standard is listed incorrectly in the GCR. In an effort to correct the standard and allow additional sound meters, the CRB would like to make the following change effective immediately:

Clarify GCR section 5.7.3, p. 36, by making the following changes: A sound level instrument (meter) that meets American National Standards Institute (ANSI) ~~S1.40-2006~~ *S1.4-1983* Class 2 or better shall be used.

.
