SUBJECT: F500 Side Pod Specifications

It has come to the attention of the Club Racing Board that the F500 side pod specifications are internally inconsistent. Specifically, text in 9.1.1.E.9 and the diagram in that section have different dimensions. To clarify this section, the CRB makes the following corrections, effective immediately:

Replace the second sentence of the second paragraph of 9.1.1.E.9 with:

In a horizontal plane, it shall begin within 2.5 inches of the rear-most part of the tire in the completely turned position and extend to within 4.5 inches of the front of the rear tire.

Also, in the diagram at the end of 9.1.1.E.9, change "2 in. +/- .5 in" to "2.5 in".
